

## SCBC Code of Ethics

As a member of the SCBC. I agree not to engage in the providing of any Bloodhound to any individual, commercial wholesale or retailer for the purpose of resale. I agree that if any Bloodhound on whose papers I am shown as either breeder or co-breeder becomes a part of any breed Rescue program, I will assist the Rescue Chairperson in finding a suitable replacement home, assume financial responsibility for the care of the Bloodhound until it is re-homed and/or will resume custody of the Bloodhound.

I agree that I will provide each buyer of my Bloodhounds with accurate records regarding pedigree, and a certificate of health which includes the name, address and phone number of the attending veterinarian. I agree to provide a written contract/ agreement for each sale or service, which includes special conditions related to that sale.

I agree not to promote indiscriminate breeding practices by using the advertisement of the availability of "breeding pairs", "stud dogs", or "bitches in whelp" for sale in my efforts to sell my Bloodhounds.

I agree not to release any puppy to its new owner prior to eight weeks of age, or according to local ordinances.

I agree to act in a sportsmanlike manner and not to deliberately degrade other exhibitor /breeders and their dogs.
